I) The kaiser said he hoped to see the day when Labeck and sil the Hanze towns would again be the great depots of European commerce, trading as successfully with the most distant parts of the world as they once did within the narrow domain of medieval commerce. He said that he would spare no labor on his part to build up the commercial interests of the empire and also to create that which was indispensable for a prosperous commerce, a powerful and efficient nav.

Senor Mann, chief of the Senatoral Committee on Navigation and Commerce returned a hearty approval of the Kaiser's sentiments, and an expression of confidence that an Imperial policy would be crowned with the createst success. It is stated that the Kaiser requested his active to return from England. One of the measurable features in the German politics is the accordency which the Empress Frederick las acquired over her son. That she was her last honor as well as the despeat respect. This was the reason that Bismarek dreaded her and tried to drive her into retirement. She was the reason that Bismarek dreaded her and tried to drive her into retirement. She was the only person that he feared for he understood her. The effort to securate her from her son and make the son the tool of Rismarck failed of success, and the general belief is that the Empress has succeeded to Hismarck's ascendancy and that her sur largely depends on her for counsel and fundance. As a politicar, she is considered for the superior to her mother, Queen Victoria, whose good qualities are rather beguine, while the Pempress Frederick is pattive and original. It is a saying in learning that her presence there is the best security that the peace of Europe will not be broken. It is also said that Queen Victoria herself relies in a far greater degree upon the advise of her daughter than upon that of the large Risers Arrested.

INTERESTING SKETCH OF HIS CAREER.

Distribution of Direct Tax Fund-Copper Ore Discovered in Granville County-Fish Commission-North State News.

RALEGOR, N. C., April, 4 .- [Special.] -- Governor Fowle this morning appointed Captain Octavius Coke, of this city, to succeed the late Colonel W. L. Saunders, Secretary of State. He is a Virginian by birth, and has distinguished connections in that State.

He is a brother of Senator Coke, of Texas. and of Captains John A, and Alexander Coke, of Richmond, Virginia. Since the war he has made his home in this State, and has been one of the most prominent and influential

made his home in this State, and has been one of the most prominent and influential Democrats in the State, and has enjoyed great personal popularity.

He graduated at William and Mary College of Virginia, and was just entering upon life, young, brilliant and well equipped at all points, when the war broke out. He volunteered, and made a fine war record. He entered the Thirty-second Virginia regiment as private, and was promoted to captain in 1862. At Sharpsburg he was severely wounded, and also at Five Forks he received a dangerous wound. In 1868 he removed to this State, and entered upon the practice of law. His brilliancy as an orator quickly made an enviable reputation for him, and he was soon in the political arena, and from that time on has done fine service in campaigns.

In 1872 he was chosen Presidential elector for his district, and in 1876 he was elected Senator from the First district. In the Senate his elequence made a reputation for himself, and soon afterwards he located in Raleigh, and in 1880 was made chairman of the State Democratic Executive Committee and conducted the campaign that year with marked vigor and ability.

Four years later he loomed up as a candidate for Governor, and received a handsome vote in the Democratic convention, being defeated by Alfred M. Scales. Captain Coke is a man of mest charming address, and is popular among those who know him. He goes into office immediately, and will serve until January 1, 1838, when the terms of all the State officers expire.

THE DIRECT TAXES.

Mr. F. H. Busbee, of this city, who is acting as agent of the State, secured North Carolina's direct tax fund from Washington and conveyed it to Governor Powle for distribution among those entitled to it to-day. He made a formal report to the Governor, in which he says there are at Washington about one hundred and fifty books, containing the stubs of the receipts which form the record which will be used as a basis of paying out the taxes to individual claimants throughout the State. Properly accredited agents of the State will have to copy this reserd.

These books have not yet been examined by any State representative.

These books have not yet been examined by any State representative.

It is estimated that it will be at least sixty days before these records can be comed and placed in the hands of the Governor. Until a copy of the record is received here, there is no information in the Governor's office concerning the names of the persons who paul taxes or the amounts due them. No interest was included in the amount which has been turned over to the Governor.

Mr. Bushee says that if the tax-payer has lost or mislaid his receipt it will not prevent bis collecting the amount due him, provided his name and amount claimed appear on the stub of the tax-receipt book. If a person who paid the tax is dead the amount can be refunded only to a legal representative in person of the executor or administrator.

No widow or heir can collect without letters of administration. Steps will be taken to refund the money as promptly as possible. A check for the amount, \$377.836, was deposited in the Citizens' National Bank here to-day, Governor Fowle to-day authorized Judge Graves to hold a special term of the Montgomery county Superior Court, which has been set for June 22.

The wreck was caused by the pulling out of the drawhead, which tore and injured the track seventy-five yards. The cars were hadly wrecked, but the freight was saved and releaded into the other cars, consisting of whisky tobacco and shoes from the West. The chief dispatcher and the wrecking crew were in attendance and the track cleared by 4:50 P. M. The damage is probably not under \$1,000.

"East Richmond."

The machinery for the "East Richmond" Woolen Mills has arrived from Chicago, and Mr. Wilkie, the owner, is expected to arrive the first of the week. The mill will seem be in full operation, and will make a new era in Richmond's manufacturing enterprises.

Deafness Can't be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous liming of the Eustachian Tube. When this tube gets inflamed you have a rambiding sound or imperfect hearing, and when it is entirely closed. Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the unlocus surfaces.

We will give One Hundred Dollars for any case of Deafness coaused by catarrh that we cannot cure by taking Dr. Hall's Catarrh Cure. Send for circulars, free.
